MESSAGE

I am glad to know that The STAT Trade Times, is organizing the AIR CARGO INDIA 2006 Conference & Exhibition during 16-18, November, 2006, in Mumbai.

The Conference takes place at a time, when India has begun to take giant strides in the field of Aviation. The modernization of Mumbai and Delhi Airports, the opening up of Pune and Nagpur airports to international traffic, the recent massive orders for aircraft placed by Indian carriers and also their decision to operate freighter services, are indicative of the spurt being witnessed in the Indian aviation industry.

I am confident that a conference of this nature with a very appropriate theme, 'Air Cargo in an Emerging Market' will go a long way in providing a platform for all players in the industry to deliberate on the opportunities available in the air cargo industry and showcase their capabilities.

I wish the 'Air Cargo India 2006 Team' every success.
