MESSAGE

I am pleased to learn that STAT trade times is organizing its seventh edition of International Biennial Air Cargo event "Air Cargo India 2018" at Mumbai from 20th February to 22nd February 2018.

India is one of the fastest growing economies of the world. India jumped 19 places and ranked 35 in 2016 as against 54 in 2014 in the latest Logistics Performance Index by World Bank. It is a matter of great importance to India as better performance in logistics not only boosts initiatives like Make in India, by enabling India to become part of the global supply chain but also helps to increase trade.

With Government of India's various initiatives for faster trade facilitation and the upcoming boost in India's Ease of Business Ranking, Air Cargo Industry will have a direct effect on trade and economies facilitation.

Federation of Freight Forwarders' Associations in India is an apex body for all the Custom Brokers and Freight Forwarders in the nation. I would take this opportunity to get to your attention that our association will be organizing "FIATA World Congress 2018 - Future Begins Here" an event which will be conducted for the first time in India. FIATA is an apex body for all the Freight Forwarders across the globe. Delegates and logisticians from 140 countries across the globe will be attending the same. Be a part of a new future and make this event a grand success.

Please be assured that Federation of Freight Forwarders' Association would extend all its support and co-operation to STAT Trade Times for making "Air Cargo India 2018" a grand success. We extend our best wishes for the success of this event.

With warm regards,

Ashish Pednekar
Chairman.
